Why myEoffering?

- myEoffering provides more consistent giving.
- Donors go on vacations, take sick days, or otherwise miss service; with myEoffering they can still give from their laptops, tablets, or mobile phones, even when they can't be in church.
- Research shows increases in giving 30-40% from those that give electronically opposed to those who give using the traditional envelope approach.
- More consistent giving allows the church to better plan its' budget and plan how to put the offerings to the best use for God's work.

Greetings,  **myEoffering**
Electronic Giving Made Simple & Cost Effective

We are pleased to announce that our church has partnered with myEoffering in order to provide you with the convenience of online contribution. Online contribution refers to a process much like online bill pay, whereby donors opt to have their financial contributions to the church or savings account in lieu of bill pay.

Many people are worried about the headlines concerning identity theft, part because of their strict security measures to be fully compliant with the law. This means that they are using the same data thieves. They have processed their data through States and we feel comfortable with the process.

myEoffering has designed a secure and private way to give privately and prayerfully make a difference. Giving of giving to God first enables you to customize a completely individual giving plan that receives your income - whether you prefer recurring donations to be added to your church budget or to be used for a specific project or forecast. It also enables you to track your giving so that even if you are unable to remember to make a contribution, our church is able to track it for you.

Signing up is as simple as clicking on the "Donate Now" button and you will be giving your first offering.

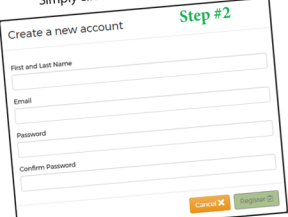

We invite you to try myEoffering. You can use any device you don't have access to a computer, ask a member from your account, ask a member to help you.

ONLINE GIVING
is now available in association with

 Electronic Giving Made Simple & Cost Effective

www.mychurch.org

WHAT IS myEoffering?
 myEoffering is a service we've teamed up with to give you the ability to send your offerings online in the same way that many of you already pay bills and purchase products. We chose to use myEoffering because they are part of a trusted, Christian family-owned company, who have been serving the needs of churches for nearly 100 years. Their product is solid, secure, easy, and convenient.

WHY SHOULD I USE myEoffering?
 Many of you already pay for most of your purchases electronically, whether online or with a credit or debit card. So we have decided to offer this service as a convenience to you – you can skip writing checks or having to remember to bring cash every Sunday. Simply log in to our service and set up your offering. You can set the donations to match your pay periods, and even send your one-time donations to the special offerings we may have from time-to-time. This new service allows you to give any amount, at any time, from home or on the road, with your computer or even your mobile device. Now you can control how and when you give your tithes.

HOW DOES IT HELP?
 Online giving is the future. In the lifetime of our young people, we will see electronic payments overshadow traditional methods of paper payments. In order to position ourselves to continue doing the work of God in the future and to make it as convenient as possible to be a cheerful giver to God's work, we have decided to offer online giving to you. In addition to easier access to giving and more engagement with young members, online offering has many benefits for the church. It allows us to more easily track contributions for budgeting. It saves us from manually tracking those contributions every week. It saves us from large fees on check processing and allows us to more accurately forecast expenditures and needs.

HOW DO I SIGN UP?
 Signing up is as simple as going to our church website listed above and look for the green computer mouse icon. That button will take you to the myEoffering page for our church. Simply sign up and begin giving online today! Or scan the code to the right with your mobile device to get started now.

 Electronic Giving Made Simple & Cost Effective

I would like you to consider participating in a new program designed to simplify weekly giving in our congregation.

Electronic giving will enable every household or individual to make their church offering using electronic funds transfer or credit card. You may already be using online bill pay for your mortgage, car payment, or insurance premium through an automatic withdrawal from your checking or savings account. Many of you also have used your credit cards to purchase goods online through Amazon, Ebay, or a number of other sites.

We have teamed up with myEoffering to enable you to use the same process to give your offering electronically from your bank account, credit or debit cards.

There is no cost to you for this new giving option. If you are currently giving on a weekly basis, you will no longer need to write out 52 checks a year or prepare 52 envelopes. And when travel, illness or other circumstances prevent you from attending services, this program will allow your weekly offerings to continue uninterrupted.

You can begin participating in the new electronic giving program immediately. Just visit our church website and look for the "Donate Now" button.

Thank you for considering this new giving opportunity.
