myEoffering Benefits:

- Setup within 1-2 business days
- Weekly, monthly, and annual reporting
- Free marketing
- Donors can choose to pay the fees so the church receives 100% of the donation
- Automated weekly reminders for special collections
- Live customer service & technical support
- Ability to add multiple payment & church accounts
- Easy step-by-step Admin & Member setup or transition from another online giving platform

Explanation of Pricing:

- If a member makes a \$10.00 donation to your church through myEoffering from a checking account, the money will be drawn from their account and 30¢ will be taken from the donation before it reaches your account. The donor can also choose to pay this 30¢ fee so the church receives 100% of the donation.
- Each time myEoffering pushes money to your church account, we email a brief outline containing the donor's name, amounts donated, and amount the church receives after any fees are deducted. We also send a monthly report of all electronic donations that occurred within that month.
