Explanation of Pricing:

- If a member makes a \$10.00 donation to your church through **myEoffering** from a checking account, the money will be drawn from their account and \$0.30 will be taken from the donation before it reaches your account. The donor can also choose to pay this \$0.30 fee so the church receives 100% of the donation.
- Each time **myEoffering** pushes money to your church account, we email a brief outline containing the donor's name, amounts donated, and amount the church receives after any fees are deducted. We also send a monthly report of all electronic donations that occurred within that month.
